

4a.

```
public static boolean isNonZeroRow(int[][] array, int r) {  
    for (int col = 0; col < array.length; col++) {  
        if (array[r][col] == 0) {  
            return false;  
        }  
    }  
    return true;  
}
```

< array[r] 2 mistakes
x

1 1 1 1
1 1 1 1
